

Jones King

CONSULTING ENGINEERS

Mechanical - Graduate/Engineer

Jones King Partnership are looking to employ the services of a graduate/intermediate level Mechanical Engineer to join our team of friendly and experienced Building Services Engineers.

Based in a quiet area West of Bristol, Jones King Partnership can offer the opportunity to become an integral member of the growing engineering department. You'll be working on a variety of exciting and high-profile projects! Jones King Partnership have provided services on the recently completed RIBA Stirling Prize Award Winner (2021) Kingston University Town House and the UKs first Passivhaus Secondary School, The Harris Academy Sutton.

We are looking for a candidate with the following credentials:

- Degree qualified in Building Services, Electrical Engineering, Architectural and Environmental Engineering, Energy, Sustainability or similar
- Min 2 years' experience working in a design consultancy environment
- Experienced user of AutoCAD and Revit
- Training and mentoring provided by experienced engineers
- Familiar with industry calculation software programmes such as AMTECH & Dialux.
- An understanding of Building Services including sustainability principles with some technical knowledge of current Building Regulations, British Standards & CIBSE Guidelines.
- Good communication skills and attention to detail
- Brilliant time management and organisational skills
- Ability to work independently as well as part of a team
- Full UK driving licence with a willingness to travel to sites

We can offer a salary range of £28,000 - £36,000/annum plus Benefits and Hybrid working (depending on experience).

If you are interested, please email your CV and covering letter to office@jonesking.com
