

Associate Director (Electrical)

Jones King Partnership are looking for an **Associate Director (Electrical)** to join our talented team of friendly and experienced Building Services & Sustainability Engineers.

Based in the Southwest of Bristol, Jones King Partnership can offer the opportunity to become an integral member of the Engineering department. You'll be working on a variety of exciting and high-profile projects in various sectors such as Education, Healthcare, Commercial, Residential & Leisure.

Jones King Partnership have been involved with a number of award winning projects such as the recently completed RIBA Stirling Prize Award Winner (2021) Kingston University Town House and the UK's first Passivhaus Secondary School, The Harris Academy Sutton.

As an **Associate Director** and Principal of the company, you will play a pivotal lead part of the company and have a high degree of autonomy. You should be a well-organised, flexible, driven, forward planner with the ability to deliver work to a high standard and to tight timescales. You should also be able to take on the ability to manage the MEP engineering aspects of other staff including junior members of the team assisting on projects.

We are looking for a candidate with the following credentials:

- Experience in leading electrical services design on large projects and overall MEP on small to medium sized projects within the office.
- Attend principal meetings and make client presentations on selected projects
- Excellent communication skills and attention to detail, competently representing JKP at project meetings
- You will act as a technical electrical lead for the company
- Responsibility for dealing directly with clients and other professionals and help generate repeat business through customer care of existing clients
- Ability to assist the client in defining and agreeing brief
- Contribute to the professional development of individual team members.
- Actively lead & identify opportunities and provide support for career development of others
- Excellent time management and organisational skills
- Most importantly, have a good sense of humour, be passionate about our profession and enjoy being part of a team!

Experience & Qualifications

- HND or Degree qualified in Building Services Engineering or similar.
- Chartered Engineer Status (or working towards)
- Minimum 10 years engineering experience in Consultancy role post qualification

- Undertake detailed electrical engineering building services design using specialist computer-aided design Autocad, Revit, Dialux, Amtech, and other industry software
- Full UK driving licence with a willingness to travel
- Have good awareness of consultant appointment documents and conditions
- Ensure quality standards and technical accuracy is delivered.

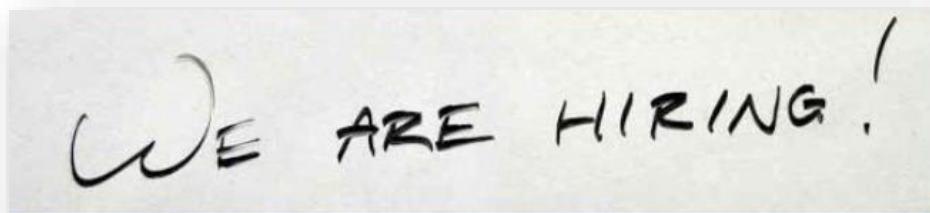

What we can offer

- Holiday entitlement of 25 days per annum, exclusive of public holidays. (Additional 1 day holiday for every 5, & 10 years' service)
- 37 hour week with hybrid working arrangements.
- Flexible parental/carers leave
- Private Healthcare
- Life Insurance
- Company Pension Scheme
- Annual Performance Bonus
- Cycle to work scheme,
- Recruitment referral bonus scheme
- Full support in becoming chartered engineer status

If you are interested, please email your CV and covering letter to office@jonesking.com

All enquiries will be treated in the strictest of confidence.
