

Senior Sustainability/Building Physics (Hybrid)

Jones King Partnership are looking to employ the services of a **Senior Sustainability/Building Physics Engineer** to join our talented team of friendly and experienced Building Services & Sustainability Engineers.

Based in Southwest of Bristol, Jones King Partnership can offer the opportunity to become an integral member of the Engineering department. You'll be working on a variety of exciting and high-profile projects in various sectors such as Education, Healthcare, Commercial, Residential & Leisure.

JKP has been involved with a number of award winning projects such as the recently completed RIBA Stirling Prize Award Winner (2021) Kingston University Town House and the UKs first Passivhaus Secondary School, The Harris Academy Sutton.

We are looking for a candidate with the following credentials:

- Excellent communication skills and attention to detail
- Good time management and organisational skills
- Ability to work independently as well as part of a team
- Excellent analytical and report writing skills
- Willingness to mentor more junior team members
- You should be a well-organised, flexible, driven, forward planner with the ability to deliver work to a high standard and to tight timescales
- Attendance at design team, client and site meetings as required.
- A strong willingness to learn and a desire to develop new and existing skills
- Most importantly, have a good sense of humour, be passionate about our profession and enjoy being part of a team!

Experience & Qualifications

- Degree qualified in Building Services, Architectural and Environmental Engineering, Energy, Sustainability or similar
- Qualified Low Carbon Energy Assessor (will also consider those working towards cert)
- Fully conversant with IES, AutoCAD and Revit
- Extensive knowledge of Building Services including Building Physics, thermal principles and associated calculations, some technical knowledge of current and future legislation in relation to best practice e.g. NPPF, Part L and the London Plan
- Understanding of Energy Modelling, Life Cycle Assessments and Embodied Carbon calculations
- Knowledge of BREEAM, Net Zero Carbon and Passivhaus principles

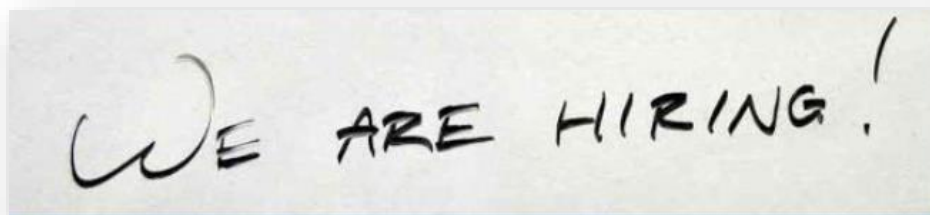

What we can offer

- Holiday entitlement of 25 days per annum, exclusive of public holidays. (Additional 1 day holiday for every 5 & 10 years' service)
- Flexible parental/carers leave
- 37 hour week with hybrid working arrangements (min 2 days in the office)
- Private Healthcare
- Life Insurance
- Company Pension Scheme
- Annual Performance Bonus
- Cycle to work scheme
- Recruitment referral bonus scheme
- Full support in becoming chartered engineer status

If you are interested, please email your CV and covering letter to office@jonesking.com

All enquiries will be treated in the strictest of confidence.

JKP actively promotes good practice in eliminating discrimination in all forms and is a proud equal opportunities employer.
